CANDIDATE WANTED

REPUBLICANS FIND NO ONE WILLING TO MAKE RACE.

NOMINATION IS DECLINED

By Shepherd Leffler Also—Republican Committee Adjourned to Hunt Man to Make Sacrifice.

No Republican candidate for state senator from this district was selected at the meeting of the Republican senatorial committee held Wednesday afternoon in this city. They were unable to find a Republican that was willing to make the race, and it was decided that the committee members go back home and see if some one could be induced to take the place.

All members of the committee were present and the meeting was held behind closed doors. The members of the committee present were Will F. Phares of Nodaway county, Cane Rankin of Atchison, J. L. Tilton of Worth and Mr. Hardin of Gentry county. The committee organized by electing Will F. Phares chairman and Mr. Hardin secretary. Another meeting of the committee will be held soon to select a candidate, if one can be found to make the race.

Now comes word that Shepherd Leffler, who was indorsed by the Bull Moose party as their candidate for state senator from this district, had also declined to make the race. F. P. Robinson, a prominent member of the new party, said Thursday that Mr. Leffler refused to accept the place, and as it was so late it is probable that that party will have no candidate in the race for senator.

The Democratic candidate for state senator, Anderson Craig, seems to have easy sailing for election, and it is proving mighty hard work for the Republicans to find one to make the race against Craig, as they all know it is a losing fight.

FOR NEW COMPANY

CITIZENS PLANNING TO ORGANIZE INSURANCE COMPANY.

NEW RATES HOLD UP

That is the Opinion of Many, as Fire Companies Have Been Making Good Money Here.

Plans are on foot in Maryville to organize a mutual fire insurance company for the purpose of insuring buildings, contents, and also residences and household furniture in this city. While the company has not perfected an organization as yet, as the plans were only started within the past few days, it is expected that something definite will be known in the next few days.

The reason for organizing the company, the promoters say, is on account of the high fire insurance rates in this city, these rates being raised to take effect September 28. Then many of the business men and property owners say that they will not stand for the increased rates, and that they are willing to go into a mutual company.

Nodaway county has one mutual insurance company that is doing a good business. That company is the Nodaway County Mutual Fire and Lightning Insurance company, and their business during the past year or so has increase wonderfully.

No doubt a mutual company could be made to pay in Maryville, as the average fire losses for the past ten years do not exceed $5,000 a year, while the insurance companies take out an average of $25,000 a year in premiums.

Much complaint is heard about the new insurance rates, and the people here are also intending to make a kick to Frank Blake at Jefferson City, who is superintendent of insurance.

Rev. Smith of Springfield, Mo., who has charge of the United Presbyterian church at Burlington Junction, was in Maryville Wednesday on his way to Springfield.

Mr. and Mrs. D. C. Pierpoint have gone to Fillmore to visit their daughter and son-in-law, Dr. and Mrs. B. C. Miles, and may conclude to spend the winter there.

Mrs. D. A. Anderson and sister, Miss Nina Reece, of Elmo spent Wednesday in Maryville and were guests of Miss Velma Gray.

Mrs. William Houston of Burlington Junction spent Wednesday in our city at the home of her daughter, Mrs. Emmett Scott.

Mrs. Will Aldrich and Mrs. J. C. McMahon of Elmo were among the shoppers in Maryville Wednesday, and also visited Mrs. O. W. Swinford.

MISS CORWIN'S PARTY TOOK SPECIAL TRIP TO LITTLE ISLE OF MARKEN

Miss May Corwin will arrive in Maryville Saturday morning in company with her father, C. C. Corwin, who met her Wednesday night at 11 o'clock on her arrival in Chicago. Miss Corwin's last letter from the European side of the Atlantic will appear tomorrow. Her letter today closes the trip to Holland:

Here is the picture of the interior of a room we saw that is used as kitchen, dining room, living room and bedroom. Some of the houses have more rooms, and cooking is done in a room to itself. In this one room is the fireplace for cooking; the windows have nice little lace curtains and screens the size of those in a Pullman car. The bedroom is a closet in the wall, with curtains, or often doors, to close just like a cupboard. They are rather short little bunks and would be hard to climb into. Above the larger bed in the same closet, at the foot, is another little box, the cradle for baby. In some of the beds a strap hangs from the top with a piece of wood—a clutch to help the old people get up in the deep bed. They have lots of old china hanging around, and the brass, beautifully polished, is in great abundance, especially at these show places.

* * *

We took a special trip to the island of Marken. It is one mile square and has eleven hamlets. All the people are related. They intermarry, never go away from the island, and keep the customs of 600 years ago. They are interesting. They all look much alike, fair and not very pretty. We were shown one of their model houses, where there is a collection of the old blue and other ware. They won't sell anything but post cards. Have shelves of funny round tin boxes, where they keep the laces for caps. The beds are like those described before, except one kept for show with huge fancy pillows but never used. The children's bed is a little chubby hole with door just below the one occupied by their parents. At one house we saw the stove working. No chimney, but a window in the roof. They burn peat or wood in a little iron box and the kettle hangs above.

* * *

The children of Marken chase after you to have you take their pictures for pennies. Boys and girls are dressed just alike to 8 years old. They are distinguished by a circular piece on the back of the boys' caps. From 8 to 12 he wears bloomer pants, the upper part of his dress like a girl's. Then he gets short hair and fisher costume. Girls' hair is also shaved in the back at 12 years, and long curls are left in front. They never remove these tight-fitting caps except to sleep. Caps are put on in five different pieces and are bright colored. The island is too wet to raise anything but hay. They live by herring fishing and are quite poor. The state pays a school teacher, Dutch Reform preacher and a physician for the place. All have their own black frame cabins. Not a horse on the island and no wagons of any kind. Truly a peculiar place. We went over from mainland on a fishing vessel, just the novelty for turists. A hard rain added excitement.

PYTHIANS COMING

DISTRICT MEETING OF K. OF P. PROMISES TO BE BIG.

BIG CROWD FROM ST. JOE

St. Joe Team Will Exemplify New Work Adopted by Supreme Lodge, Friday Night.

The semi-annual meeting of the First District Missouri Association Knights of Pythias will be held Friday in Maryville. The meeting will be called to order by the president, C. J. Griswold of St. Joseph. The association consists of twenty-nine lodges in Northwest Missouri, and representatives from all of them are expected to attend the convention.

The celebrated first rank team of St. Joseph will exemplify the Page rank, which has been recently adopted by the supreme lodge at Denver, and which was written by LeRoy H. Kelsey of St. Joseph. This work will soon be promulgated from the supreme headquarters as the only authorized amplified work recognized by the order, and St. Joseph Pythians are justly proud of the distinction in having been the pioneers in its production. The supreme lodge considered numerous other versions presented from all parts of the United States, and it is considered a great victory for Missouri that this one was selected.

A large delegation of Pythians from St. Joseph will leave that city at 2 p. m. Friday and will arrive in Maryville on a special train. Maryville Pythians are arranging for the reception of their visitors.

The first session of the meeting will be at 5 o'clock Friday afternoon, and will be held in the Elks lodge room, as the local K. P. hall is too small to accommodate the large crowd that will be in attendance.

Dinner will be served to the visitors at 6 o'clock in the basement of the First Baptist church, and after that lodge will again meet in the Elks club for the night session.

The K. P. Hall will be opened all day Friday as a rest room for the visiting delegates.

If Friday is a nice day there will probably be 200 members here for the meeting, many to make the trip in automobiles.

The St. Joseph special train will be met by the reception committee and a number of automobiles and a trip will be taken over the city.

An article in the St. Joseph News-Press had the following in regard to the Pythian meeting here Friday:

When the St. Joseph Pythians leave for Maryville at 2 o'clock Friday afternoon by special train they will carry a number of large banners, on which will be inscribed appropriate booster legends. The warblers of the crowd have prepared a parody on the popular song, "Put On Your Old Gray Bonnet," which will be sprung on every possible occasion, as follows:

Put on your old K. P. bonnet,
With a Missouri emblem on it,
While we all get ready for the show.
There is going to be a Big Night,
You bet we're felling out of sight,
And we're all from old St. Joe.

Ezra Harrison, the sweet singer of Pythianism, will accompany the party and there will be other good vocalists.

There will be a big meeting of Charity lodge No. 220 tonight to make final arrangements for the trip, and the indications are that the delegation will even be larger than was at first expected. The members also are rehearsing a lodge yell, which follows:

Who is this bunch?
We're the boys from old St. Joe!
S—T—J—O—E—M—O.
We're the Boosters, tried and true.
Boost for us and we'll boost for you.
We're the angry mob, you know,
All the way from old St. Joe.

The howl against high fire insurance rates in this state is loud and long. Maryville has had many rates more than doubled and the same can be said about almost every other city. It seems, however, that it does no good to complain, and it is either pay the rate or go without insurance. The state insurance commissioner is doing nothing except drawing his salary, and apparently making no effort to have justice done. When the new Democratic governor is installed we hope to see this matter adjusted on a fair and equitable basis.—Moberly Democrat.

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

OSBORN ATTACKS TAMMANY LEADER

Democratic State Convention at Syracuse in an Uproar.

SPEECH FOLLOWED BY HISSES

Speaker Interrupted at Almost Every Sentence by Questions From Delegates—Sulzer Nominated on Fourth Ballot.

Syracuse, N. Y., Oct. 3.—The Democratic state convention was thrown into an uproar by an oratorical attack upon Charles F. Murphy, the Tammany leader, by Thomas M. Osborne of Auburn, who long has been identified with the efforts to dislodge Mr. Murphy and his friends from their position of prominence in the party in New York state.

The occasion was a discussion of the party platform which Mr. Osborne wanted to amend in certain important particulars. Murphy's friends accused Osborne of being actuated in his attack by disappointment over his failure to be chosen as the party's candidate for governor or United States senator.

"His Hour Will Soon Strike."

When Osborne opened fire he was interrupted at almost every sentence by hoots and questions from the delegates.

"His hour is about to strike," he said, referring to the Tammany leader. "And this man who sits here now, surrounded by his satellites, dispensing favors, dictating policies, and distributing the nominations of a great party—look at him well, for this is the last time you will look upon such a scene. For him, too, the hour will soon strike and upon the ruins of his fall will arise the New York Democracy for the future."

A storm of jeers and hisses followed Mr. Osborne as he left the platform.

Cheers at Sulzer's Name.

When Chairman Parker called the convention to order in the evening Robert E. Whalen placed in nomination Martin H. Glynn of Albany for governor and Augustus Thomas, the playwright, nominated Congressman William Sulzer.

Congressman Sulzer's name was greeted with cheering. George H. Kennedy of Erie then placed in nomination Senator George B. Burd of Buffalo, and Congressman John J. Fitzgerald of Kings nominated Herman A. Metz, former comptroller of New York, whose name was warmly cheered. Deputy Attorney General Joseph A. Kellogg nominated Gov. John A. Dix.

Prior to the assembling of the night session the New York county delegation caucused and lifted the unit rule. Leader Charles F. Murphy told his friends to vote for whom they pleased.

Congressman Sulzer was nominated on the fourth balot, Gov. Dix dropping out in the third.

THREE THOUSAND MINERS OUT

Consolidated Copper Company's Men at Ely, Nev., Demanded More Money.

Ely, Nev., Oct. 3.—Three thousand employes at the mines of the Nevada Consolidated Copper company went on strike at 8 o'clock in the morning, executing as complete a tieup as that at Bingham, Utah. Charles H. Moyer, acting for the Western Federation of Miners; A. L. Wilde, for the Stonemasons' union, and Charles Nicholson, for the machinists, issued the order for the men to walk out. They are striking for an inrease of 50 cents a day.

The indications are that the operators will not attempt to open their mines again this winter. The windows of all the company buildings are being boarded up and hundreds of men will leave the camp in the morning. With the closing of the mills more than 4,000 men will be idle.

WAR CLOUD MAY YET DISAPPEAR

Italy Refused to Aid Balkan States in Attack on Turkey.

POWERS HOPE FOR COMPROMISE

Servia Agrees to Undertake Any Measure Tending To Avoid Aggravating Situation and Prevent Bloodshed.

Rome, Oct. 3—Italy, although at war with Turkey for a year, joined the ranks of the peacemakers and gave her suport to the powers which are trying to prevent the Balkan states from attacking her enemy. Instructions have been sent to the Italian ministers at Athens, Sofia, Belgrade and Cetinje to join in the representations of the other great powers in urging moderation and avoidance of provocative action while the chancelleries are devising a plan for the permanent settlement of the Macedonian troubles.

No Ultimatum Yet.

London, Oct. 3.—No ultimatum has yet been delivered to Turkey form the four Balkan states, but according to reliable news such an ultimatum is to be presented at Constantinople at once.

It will demand autonomy for Macedonia, Albania, Old Servia and Crete within three days. In the event of failure to comply with this demand the Balkan coalition will repeat it and at the same time address a collective note to the great powers notifying them that after the expiration of another three days the Balkan states will enforce the demand by re course to arms.

A Week Before War.

Thus there will be a respite of a week before hostilities open. This respite will be used by the powers to seek to arrange a compromise with Turkey acceptable to the four states which, it is believed, would prefer a way out without bloodshed.

A Vienna dispatch says it is announced in Constantinople that a peace convention with Italy has been signed.

Servian Representative to Stay.

Belgrade, Servia, Oct. 3.—The representatives of the powers have requested the Servian government not to concentrate the mobilized army near the Turkish frontier, as that would increase the danger of a conflict. In reply the premier said the concentration had been ordered but all precautions would be taken to avoid the apperance of defiance on the part of Servia.

The government, the premier added, would be only too glad to accept the good offices of the powers and would undertake any measure that would obviate aggravating the situation. Servia had even dropped the idea of recalling its representative from Constantinople, he said, because Turkey had stopped the transport of Servian war material.

TRIED TO "CUT" HIS BOARD BILL

Paroled Kansan Stabbed in Fight With Father-in-Law Over Settlement.

Denver, Oct. 3.—Charles Ronaldson, 55 years old, and Joseph Volker, 21 years old, his son-in-law, fought in a darkened room with knives here while the wives of the two men screamed for help.

As a result of the fight, Volker is in a hospital with two dangerous stab wounds, and has slight chance for recovery. Ronaldson was stabbed in the leg.

The fight started over a board bill Volker is said to have owed his father-in-law. Volker, the police say, recently was paroled from the Kansas state reformatory at Hutchinson.

SERVIA'S DEMAND WAS REFUSED

Turkish Cabinet Will Not Give Up Munitions of War Seized While in Transit.

Constantinople, Oct. 3.—After an all-night session the Turkish cabinet issued a curt refusal to surrender the shipment of Servian war munitions seized by the authorities on its way through Turkey.

Servia demanded that the munitions be sent ahead or returned to the consignors in France, within 48 hours, saying otherwise it would declare war.

Ohio Congressman Killed.

Fostoria, O., Oct. 3.—Carl Carey Anderson, 35 years old, Democratic congressman from the thirteenth district, was killed; Russell Knepper of Tiffin, a candidate for prosecuting attorney, was severely injured, and the chauffeur, Paul Myers, slightly hurt, in an automobile accident near here while they were returning from a Democratic rally. The machine was running at high speed and upset on a turn.

Ball Player Attacked.

St. Joseph, Oct. 3.—Outfielder Ray Powell, who reports to the Detroit American team next season, was attacked in front of a hotel where he was going to attend a banquet to the St. Joseph team, and badly beaten by a number of negroes. He was knocked unconscious by a blow on the head. No reason is known for the attack.

AFTER THOSE "HIGHER UP"

Ohio Railroad Agent Gets Heavy Penalty in Federal Court.

FINED $15,000 FOR REBATING

Prosecutor Asked Punishment Which Would Reach Those Responsible for Breaking of Laws.

New York, Oct. 3.—W. O. Divine, state agent for the Chesapeake & Ohio railroad at Cincinnati, pleaded guilty in the federal court here to the charge of granting and giving rebates. He was fined $15,000.

Judge Mayer imposed the fine after the district attorney had asked for a penalty that would elicit a "squeal from the one higher up."

"We will never get at the big men as long as the little fellow is able to stand up and pay his fine," District Attorney Wise added.

"Then we will fix a penalty that shall affect the big man," Judge Mayer remarked, after characterizing Divine as "merely a subordinate who had to do the bidding of his superiors."

The indictment to which Divine pleaded guilty charged him with having entered into an agreement three years ago with the freight forwarding firm of Wakem & McLaughlin of Chicago and this city, by the terms of which the forwarders were to receive a monthly consideration or "salary" tantamount to a rebate in shipments.

Wakem & McLaughlin, in return for this consideration, promised to ship all freight they handled for customers via the Chesapeake & Ohio railroad. The "salary" permitted the forwarders for two years to make special inducements to their patrons in the way of freight rates.

Divine's counsel promised to pay the fine Monday, and until then Divine was paroled in counsel's custody.

Cure Frauds to Be Denounced.

New York, Oct. 3.—From thousands of pulpits in all parts of the United States, fake cures for consumption will be exposed and denounced on Tuberculosis Day, Oct. 27. This is part of the program for the movement announced today by the National Association for the Study and Prevention of Tuberculosis. Literature giving information on fraudulent and alleged "cures" for consumption will be sent to clergymen all over the country, and an organized crusade against the traffic in these drugs and devices will be instituted. From actual records on file in the office of the association, it is estimated that the volume of business done annually by the various concerns which sell fake remedies for tuberculosis amounts to well over $15,000,000. The number of these remedies now being used as so-called "cures" is over 500.

MRS. McGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

HORSE THIEF ALARMED GEESE

UNUSUAL NOISE AROUSED MISSOURI FARMERS.

Negro, Captured With Animal, Given Preliminary Hearing at One O'Clock, A. M.

Ferguson, Mo., Oct. 3.—A flock of geese, which may be descendants of those that saved Rome, set up such an alarming howling on Alfred Mueller's farm near here that Mueller and half a dozen neighbors were awakened. Mueller seized a shotgun and clad in a nightdress and slippers, ran into the yard. Several neighbors, similarly armed and dressed, joined him. From the barn they saw emerge the figure of a man, leading Mueller's horse. As the intruder placed his hand on the horse's shoulder, preparatory to mounting, he caught sight of the white clad band of farmers and sprinted into Mueller's cornfield.

The farmers set out in pursuit and several shots brought him to a halt. The neighbors held him in a circle of guns while the owner of the horse telephoned to a constable, John Mueller. On his arrival the party marched in a body to the home of A. L. Chamblin, justice of the peace. It was 1 a. m. when Chamblin convened court in his parlor to conduct a preliminary hearing. The witnesses, still in nightdress, stepped forward in turn and gave their testimony. At the conclusion, the prisoner, a negro, who said he was Ed Thomas of Memphis, was ordered held for the grand jury. He pleaded not guilty and said he had entered the barn to sleep. He is held in default of bail at Clayton.

HIS CHILD TO BE PERFECT WOMAN

Athlete Hopes to Develop His Daughter to Point of Physical Perfection.

Minneapolis, Oct. 3.—To become the world's most perfect woman, physically, is the future mapped out for Margaret Grant, 2 years 2 months old, by her father, Richard Grant, director of track athletics of the University of Minnesota, and ever since she was 3 weeks old the baby has been training for the place she is some day to fill.

Systematic exercise, under the careful supervision of her father, who himself was formerly a track star at Yale and who has "made" many Minnesota athletes, is as much a part of little Margaret's daily life as the food she eats, Mr. Grant explained while the baby went through her regular course.

The exercises have already borne wonderful fruit.

"She's going to be perfect physically when she grows up," confidently asserted Mr. Grant, "and probably that's something that can be said of no woman in the world at this time."

CUTS STUDENTS' COST OF LIVING

Missouri University Establishes Cafeteria to Compete With Columbia Boarding Houses.

Columbia, Mo., Oct. 3.—With a view of reducing as far as possible the cost of living for students at the University of Missouri, the university has established in connection with the University Dining club, a cafeteria. Nearly 700 students are getting good meals at a lower cost than they have been able to get them in Columbia in ten years. On the other hand the prices of meals in many of Columbia boarding houses were raised this fall 50 cents a week.

Martial Law at Negro Trial.

Atlanta, Ga., Oct. 3.—Four companies of militia will go to Cumming, Ga., immediately to impose martial law upon the whole of Forsyth county until such time as the trials of six negroes, accused of the murder of two white women, shall have been finished. That was the effect of a proclamation issued by Gov. Joseph M. Brown.

Greek Boys in Peonage.

Chicago, Oct. 3.—United States Immigration Inspector James Hogan has started a crusade to free 1,200 Greek boys, who, he declared, are held as virtual slaves by proprietors of shoe shining parlors. He said that a perfect system of peonage existed, in which the boys were "literally terrified into silence."

OLD FASHION REVIVED

BROCADED FABRICS HAVE RETURNED TO FAVOR.

For Richness of Texture These Materials Can Hardly Be Duplicated, and a Glad Welcome Will Be Found Awaiting Them.

Brocaded fabrics are again shown for the grander gowns, and when they begin to please, the exquisite weaves now seen will doubtless be imitated more or less successfully with cheaper grades of silk and velvet.

The textures have none of the stiffness of ye ancient times, although the softly-falling silks are sometimes of incredible thickness. There are brocades for the dowager and brocades for the debutante, patterns for the

former being larger and the silks and velvets richer with gold and silver threads than those for the latter. Buds, tiny roses, love knots, little baskets of flowers and blue ribbons waving about flower sprays in natural hues appear upon the silks for youthful evening wear. And the frocks, we are told, are to be made with a good deal of the antiquated charm—the lovely flowered silks shaping paniered tunics attached to square-necked bodices, with ruffled elbow sleeves. This sweetness will go over lace petticoats, looped and garlanded with flower bands in the old way.

The self-colored brocades are insisted upon by the fashion people for street use, as these with contrasting flowers seem a shade too gay; conventional designs, small flower bouquets, ovals, crescents, circles, and plaided and checked effects appear on these. With the black brocades in velvet or silk sparkling jet seems a fitting garniture, and some cut velvet coats display very grand buttons and frog chains of it. For high dress use, there is nothing more handsome for the dowager than a coat of this sort, and such wraps are loose, wide-sleeved and altogether graceful.

The brocaded influence is seen even among mourning materials, one silk and wool fabric for tailored gowns imitating the wide and narrow lines of men's suiting. A black Chinese crepe, closely covered with dull flowers, is shown for the waists of fine black dresses, and in the half mourning department there is a dusky gun metal color which is having considerable vogue, this showing up splendidly in almost every material.

For tailored suits in color or black, there is a new velvet with a corduroy look, but without the ridges of this well-known fabric, and with this a silk braid goes most handsomely.

Mole or taupe is a favorite color in these fine fabrics, which sems to indicate that they are preferably for elderly wearers, as should be all the textures with large patterns. At any rate, it is an established truth that a brocaded material must be carefully managed not to give its wearer something of a settled look. The fact that such rich trimmings need to be used increases this danger, unless the fine garniture is very sparingly put on or the wearer takes things in her own hands and orders filmy chiffons and nets for the touches of the brocaded gown or coat.

Fur and marabout bands, both of which will be much used on the coats, supply the proper decking for such sets, which, because of the patterns of the fabrics, would appear unfinished if left untrimmed.

MARY DEAN.

Transparent Materials.

Allover embroidered transparent materials play an important part in the gown. In some of the models a sham skirt of allover handwork appears beneath the long tunic which drapes the front of the gown. It is attached at the waist line in the back and falls away as a train.

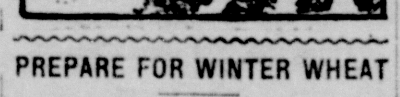
FARM and GARDEN



PREPARE FOR WINTER WHEAT

Grain Farmers Plow Immediately After Barley or Oats Is Harvested —Prevent Evaporation.

Oats and barley stubble land intended for winter grain and to be seeded to grass should be plowed early and harrowed soon after plowing, so the ground can settle. Heavy land should be plowed with three horses. We use the sulky plow, set to cut an even furrow and a good depth. Harrow and roll before the plowed ground dries out. A fine, mellow top soil will prevent evaporation of moisture and it can be put in nice order for drilling with a second or third working with the spring-tooth harrow and roller, says a writer in the Baltimore American. Land plowed just before sowing is too spongy; it should be plowed at least two weeks before the train is drilled. Expert grain farmers plow immediately after the barley or oats is harvested and then harrow and roll. When oats or barley precede a crop of winter wheat the land is much dryer than a properly managed summer fallow, and if the season should be dry and hot it is difficult to get such land mellow and moist enough for germination of grain. If barnyard manure is to be spread over the field it will pay to hire a spreader for the manure can be spread so much better, as the spreader cuts the manure fine and spreads an even and a regular coat over the entire ground. Two active men with a two-horse spreader will haul and spread a large pile of manure in a day. The regular price for the use of a spreader is 50 cents per day. If a spreader cannot be had, haul and spread direct from wagon or cart. The manure spread one day should be harrowed into the ground the next; there is no loss of plant food from the manure drying out from action of sun and wind. Spread 12 two-horse wagon loads of rooted manure and drill the gain in with 250 pounds of a good animal bone fertilizer to the acre. The manure and fertilizer will give a larger yield of grain and a better quality of straw than either manure or fertilizer used alone.

CANDIDATE WANTED

REPUBLICANS FIND NO ONE WILLING TO MAKE RACE.

NOMINATION IS DECLINED

By Shepherd Leffler Also—Republican Committee Adjourned to Hunt Man to Make Sacrifice.

No Republican candidate for state senator from this district was selected at the meeting of the Republican senatorial committee held Wednesday afternoon in this city. They were unable to find a Republican that was willing to make the race, and it was decided that the committee members go back home and see if some one could be induced to take the place.

All members of the committee were present and the meeting was held behind closed doors. The members of the committee present were Will F. Phares of Nodaway county, Cane Rankin of Atchison, J. L. Tilton of Worth and Mr. Hardin of Gentry county. The committee organized by electing Will F. Phares chairman and Mr. Hardin secretary. Another meeting of the committee will be held soon to select a candidate, if one can be found to make the race.

Now comes word that Shepherd Leffler, who was indorsed by the Bull Moose party as their candidate for state senator from this district, had also declined to make the race. F. P. Robinson, a prominent member of the new party, said Thursday that Mr. Leffler refused to accept the place, and as it was so late it is probable that that party will have no candidate in the race for senator.

The Democratic candidate for state senator, Anderson Craig, seems to have easy sailing for election, and it is proving mighty hard work for the Republicans to find one to make the race against Craig, as they all know it is a losing fight.

FOR NEW COMPANY

CITIZENS PLANNING TO ORGANIZE INSURANCE COMPANY.

NEW RATES HOLD UP

That is the Opinion of Many, as Fire Companies Have Been Making Good Money Here.

Plans are on foot in Maryville to organize a mutual fire insurance company for the purpose of insuring buildings, contents, and also residences and household furniture in this city. While the company has not perfected an organization as yet, as the plans were only started within the past few days, it is expected that something definite will be known in the next few days.

The reason for organizing the company, the promoters say, is on account of the high fire insurance rates in this city, these rates being raised to take effect September 28. Then many of the business men and property owners say that they will not stand for the increased rates, and that they are willing to go into a mutual company.

Nodaway county has one mutual insurance company that is doing a good business. That company is the Nodaway County Mutual Fire and Lightning Insurance company, and their business during the past year or so has increase wonderfully.

No doubt a mutual company could be made to pay in Maryville, as the average fire losses for the past ten years do not exceed $5,000 a year, while the insurance companies take out an average of $25,000 a year in premiums.

Much complaint is heard about the new insurance rates, and the people here are also intending to make a kick to Frank Blake at Jefferson City, who is superintendent of insurance.

Rev. Smith of Springfield, Mo., who has charge of the United Presbyterian church at Burlington Junction, was in Maryville Wednesday on his way to Springfield.

Mr. and Mrs. D. C. Pierpoint have gone to Fillmore to visit their daughter and son-in-law, Dr. and Mrs. B. C. Miles, and may conclude to spend the winter there.

Mrs. D. A. Anderson and sister, Miss Nina Reece, of Elmo spent Wednesday in Maryville and were guests of Miss Velma Gray.

Mrs. William Houston of Burlington Junction spent Wednesday in our city at the home of her daughter, Mrs. Emmett Scott.

Mrs. Will Aldrich and Mrs. J. C. McMahon of Elmo were among the shoppers in Maryville Wednesday, and also visited Mrs. O. W. Swinford.

MISS CORWIN'S PARTY TOOK SPECIAL TRIP TO LITTLE ISLE OF MARKEN

Miss May Corwin will arrive in Maryville Saturday morning in company with her father, C. C. Corwin, who met her Wednesday night at 11 o'clock on her arrival in Chicago. Miss Corwin's last letter from the European side of the Atlantic will appear tomorrow. Her letter today closes the trip to Holland:

Here is the picture of the interior of a room we saw that is used as kitchen, dining room, living room and bedroom. Some of the houses have more rooms, and cooking is done in a room to itself. In this one room is the fireplace for cooking; the windows have nice little lace curtains and screens the size of those in a Pullman car. The bedroom is a closet in the wall, with curtains, or often doors, to close just like a cupboard. They are rather short little bunks and would be hard to climb into. Above the larger bed in the same closet, at the foot, is another little box, the cradle for baby. In some of the beds a strap hangs from the top with a piece of wood—a clutch to help the old people get up in the deep bed. They have lots of old china hanging around, and the brass, beautifully polished, is in great abundance, especially at these show places.

* * *

We took a special trip to the island of Marken. It is one mile square and has eleven hamlets. All the people are related. They intermarry, never go away from the island, and keep the customs of 600 years ago. They are interesting. They all look much alike, fair and not very pretty. We were shown one of their model houses, where there is a collection of the old blue and other ware. They won't sell anything but post cards. Have shelves of funny round tin boxes, where they keep the laces for caps. The beds are like those described before, except one kept for show with huge fancy pillows but never used. The children's bed is a little chubby hole with door just below the one occupied by their parents. At one house we saw the stove working. No chimney, but a window in the roof. They burn peat or wood in a little iron box and the kettle hangs above.

* * *

The children of Marken chase after you to have you take their pictures for pennies. Boys and girls are dressed just alike to 8 years old. They are distinguished by a circular piece on the back of the boys' caps. From 8 to 12 he wears bloomer pants, the upper part of his dress like a girl's. Then he gets short hair and fisher costume. Girls' hair is also shaved in the back at 12 years, and long curls are left in front. They never remove these tight-fitting caps except to sleep. Caps are put on in five different pieces and are bright colored. The island is too wet to raise anything but hay. They live by herring fishing and are quite poor. The state pays a school teacher, Dutch Reform preacher and a physician for the place. All have their own black frame cabins. Not a horse on the island and no wagons of any kind. Truly a peculiar place. We went over from mainland on a fishing vessel, just the novelty for turists. A hard rain added excitement.

PYTHIANS COMING

DISTRICT MEETING OF K. OF P. PROMISES TO BE BIG.

BIG CROWD FROM ST. JOE

St. Joe Team Will Exemplify New Work Adopted by Supreme Lodge, Friday Night.

The semi-annual meeting of the First District Missouri Association Knights of Pythias will be held Friday in Maryville. The meeting will be called to order by the president, C. J. Griswold of St. Joseph. The association consists of twenty-nine lodges in Northwest Missouri, and representatives from all of them are expected to attend the convention.

The celebrated first rank team of St. Joseph will exemplify the Page rank, which has been recently adopted by the supreme lodge at Denver, and which was written by LeRoy H. Kelsey of St. Joseph. This work will soon be promulgated from the supreme headquarters as the only authorized amplified work recognized by the order, and St. Joseph Pythians are justly proud of the distinction in having been the pioneers in its production. The supreme lodge considered numerous other versions presented from all parts of the United States, and it is considered a great victory for Missouri that this one was selected.

A large delegation of Pythians from St. Joseph will leave that city at 2 p. m. Friday and will arrive in Maryville on a special train. Maryville Pythians are arranging for the reception of their visitors.

The first session of the meeting will be at 5 o'clock Friday afternoon, and will be held in the Elks lodge room, as the local K. P. hall is too small to accommodate the large crowd that will be in attendance.

Dinner will be served to the visitors at 6 o'clock in the basement of the First Baptist church, and after that lodge will again meet in the Elks club

The K. P. Hall will be opened all day Friday as a rest room for the visiting delegates.

If Friday is a nice day there will probably be 200 members here for the meeting, many to make the trip in automobiles.

The St. Joseph special train will be met by the reception committee and a number of automobiles and a trip will be taken over the city.

An article in the St. Joseph News-Press had the following in regard to the Pythian meeting here Friday:

When the St. Joseph Pythians leave for Maryville at 2 o'clock Friday afternoon by special train they will carry a number of large banners, on which will be inscribed appropriate booster legends. The warblers of the crowd have prepared a parody on the popular song, "Put On Your Old Gray Bonnet," which will be sprung on every possible occasion, as follows:

Put on your old K. P. bonnet,
With a Missouri emblem on it,
While we all get ready for the show.
There is going to be a Big Night,
You bet we're felling out of sight,
And we're all from old St. Joe.

Ezra Harrison, the sweet singer of Pythianism, will accompany the party and there will be other good vocalists.

There will be a big meeting of Charity lodge No. 220 tonight to make final arrangements for the trip, and the indications are that the delegation will even be larger than was at first expected. The members also are rehearsing a lodge yell, which follows:

Who is this bunch?
We're the boys from old St. Joe!
S—T—J—O—E—M—O.
We're the Boosters, tried and true.
Boost for us and we'll boost for you.
We're the angry mob, you know,
All the way from old St. Joe.

The howl against high fire insurance rates in this state is loud and long. Maryville has had many rates more than doubled and the same can be said about almost every other city. It seems, however, that it does no good to complain, and it is either pay the rate or go without insurance. The state insurance commissioner is doing nothing except drawing his salary, and apparently making no effort to have justice done. When the new Democratic governor is installed we hope to see this matter adjusted on a fair and equitable basis.—Moberly Democrat.

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

OSBORN ATTACKS TAMMANY LEADER

Democratic State Convention at Syracuse in an Uproar.

SPEECH FOLLOWED BY HISSES

Speaker Interrupted at Almost Every Sentence by Questions From Delegates—Sulzer Nominated on Fourth Ballot.

Syracuse, N. Y., Oct. 3.—The Democratic state convention was thrown into an uproar by an oratorical attack upon Charles F. Murphy, the Tammany leader, by Thomas M. Osborne of Auburn, who long has been identified with the efforts to dislodge Mr. Murphy and his friends from their position of prominence in the party in New York state.

The occasion was a discussion of the party platform which Mr. Osborne wanted to amend in certain important particulars. Murphy's friends accused Osborne of being actuated in his attack by disappointment over his failure to be chosen as the party's candidate for governor or United States senator.

"His Hour Will Soon Strike."

When Osborne opened fire he was interrupted at almost every sentence by hoots and questions from the delegates.

"His hour is about to strike," he said, referring to the Tammany leader. "And this man who sits here now, surrounded by his satellites, dispensing favors, dictating policies, and distributing the nominations of a great party—look at him well, for this is the last time you will look upon such a scene. For him, too, the hour will soon strike and upon the ruins of his fall will arise the New York Democracy for the future."

A storm of jeers and hisses followed Mr. Osborne as he left the platform.

Cheers at Sulzer's Name.

When Chairman Parker called the convention to order in the evening Robert E. Whalen placed in nomination Martin H. Glynn of Albany for governor and Augustus Thomas, the playwright, nominated Congressman William Sulzer.

Congressman Sulzer's name was greeted with cheering. George H. Kennedy of Erie then placed in nomination Senator George B. Burd of Buffalo, and Congressman John J. Fitzgerald of Kings nominated Herman A. Metz, former comptroller of New York, whose name was warmly cheered. Deputy Attorney General Joseph A. Kellogg nominated Gov. John A. Dix. Prior to the assembling of the night session the New York county delegation caucused and lifted the unit rule. Leader Charles F. Murphy told his friends to vote for whom they pleased.

Congressman Sulzer was nominated on the fourth balot, Gov. Dix dropping out in the third.

THREE THOUSAND MINERS OUT

Consolidated Copper Company's Men at Ely, Nev., Demanded More Money.

Ely, Nev., Oct. 3.—Three thousand employes at the mines of the Nevada Consolidated Copper company went on strike at 8 o'clock in the morning, executing as complete a tieup as that at Bingham, Utah. Charles H. Moyer, acting for the Western Federation of Miners; A. L. Wilde, for the Stonemen's union, and Charles Nicholson, for the machinists, issued the order for the men to walk out. They are striking for an increase of 50 cents a day.

The indications are that the operators will not attempt to open their mines again this winter. The windows of all the company buildings are being boarded up and hundreds of men will leave the camp in the morning. With the closing of the mills more than 4,000 men will be idle.

WAR CLOUD MAY YET DISAPPEAR

Italy Refused to Aid Balkan States in Attack on Turkey.

POWERS HOPE FOR COMPROMISE

Servia Agrees to Undertake Any Measure Tending To Avoid Aggravating Situation and Prevent Bloodshed.

Rome, Oct. 3—Italy, although at war with Turkey for a year, joined the ranks of the peacemakers and gave her suport to the powers which are trying to prevent the Balkan states from attacking her enemy. Instructions have been sent to the Italian ministers at Athens, Sofia, Belgrade and Cetinje to join in the representations of the other great powers in urging moderation and avoidance of provocative action while the chancelleries are devising a plan for the permanent settlement of the Macedonian troubles.

No Ultimatum Yet.

London, Oct. 3.—No ultimatum has yet been delivered to Turkey form the four Balkan states, but according to reliable news such an ultimatum is to be presented at Constantinople at once.

It will demand autonomy for Macedonia, Albania, Old Servia and Crete within three days. In the event of failure to comply with this demand, the Balkan coalition will repeat it and at the same time address a collective note to the great powers notifying them that after the expiration of another three days the Balkan states will enforce the demand by recourse to arms.

A Week Before War.

Thus there will be a respite of a week before hostilities open. This respite will be used by the powers to seek to arrange a compromise with Turkey acceptable to the four states which, it is believed, would prefer a way out without bloodshed.

A Vienna dispatch says it is announced in Constantinople that a peace convention with Italy has been signed.

Servian Representative to Stay.

Belgrade, Servia, Oct. 3.—The representatives of the powers have requested the Servian government not to concentrate the mobilized army near the Turkish frontier, as that would increase the danger of a conflict. In reply the premier said the concentration had been ordered but all precautions would be taken to avoid the apperance of defiance on the part of Servia.

The government, the premier added, would be only too glad to accept the good offices of the powers and would undertake any measure that would obviate aggravating the situation. Servia had even dropped the idea of recalling its representative from Constantinople, he said, because Turkey had stopped the transport of Servian war material.

TRIED TO "CUT" HIS BOARD BILL

Paroled Kansan Stabbed in Fight With Father-in-Law Over Settlement.

Denver, Oct. 3.—Charles Ronaldson, 35 years old, and Joseph Volker, 21 years old, his son-in-law, fought in a darkened room with knives here while the wives of the two men screamed for help.

As a result of the fight, Volker is in a hospital with two dangerous stab wounds, and has slight chance for recovery. Ronaldson was stabbed in the leg.

The fight started over a board bill Volker is said to have owed his father-in-law. Volker, the police say, recently was paroled from the Kansas state reformatory at Hutchinson.

SERVIA'S DEMAND WAS REFUSED

Turkish Cabinet Will Not Give Up Munitions of War Seized While in Transit.

Constantinople, Oct. 3.—After an all-night session the Turkish cabinet issued a curt refusal to surrender the shipment of Servian war munitions seized by the authorities on its way through Turkey.

Servia demanded that the munitions be sent ahead or returned to the consignors in France, within 48 hours, saying otherwise it would declare war.

Ohio Congressman Killed.

Fostoria, O., Oct. 3.—Carl Carey Anderson, 35 years old, Democratic congressman from the thirteenth district, was killed; Russell Knepper of Tiffin, a candidate for prosecuting attorney, was severely injured, and the chauffeur, Paul Myers, slightly hurt, in an automobile accident near here while they were returning from a Democratic rally. The machine was running at high speed and upset on a turn.

Ball Player Attacked.

St. Joseph, Oct. 3.—Outfielder Ray Powell, who reports to the Detroit American team next season, was attacked in front of a hotel where he was going to attend a banquet to the St. Joseph team, and badly beaten by a number of negroes. He was knocked unconscious by a blow on the head. No reason is known for the attack.

AFTER THOSE "HIGHER UP"

Ohio Railroad Agent Gets Heavy Penalty in Federal Court.

FINED $15,000 FOR REBATING

Prosecutor Asked Punishment Which Would Reach Those Responsible for Breaking of Laws.

New York, Oct. 3.—W. O. Divine, state agent for the Chesapeake & Ohio railroad at Cincinnati, pleaded guilty in the federal court here to the charge of granting and giving rebates. He was fined $15,000.

Judge Mayer imposed the fine after the district attorney had asked for a penalty that would elicit a "squeal from the one higher up."

"We will never get at the big men as long as the little fellow is able to stand up and pay his fine," District Attorney Wise added.

"Then we will fix a penalty that shall affect the big man," Judge Mayer remarked, after characterizing Divine as "merely a subordinate who had to do the bidding of his superiors."

The indictment to which Divine pleaded guilty charged him with having entered into an agreement three years ago with the freight forwarding firm of Wakem & McLaughlin of Chicago and this city, by the terms of which the forwarders were to receive a monthly consideration or "salary" tantamount to a rebate in shipments.

Wakem & McLaughlin, in return for this consideration, promised to ship all freight they handled for customers via the Chesapeake & Ohio railroad. The "salary" permitted the forwarders for two years to make special inducements to their patrons in the way of freight rates.

Divine's counsel promised to pay the fine Monday, and until then Divine was paroled in counsel's custody.

Cure Frauds to Be Denounced.

New York, Oct. 3.—From thousands of pulpits in all parts of the United States, fake cures for consumption will be exposed and denounced on Tuberculosis Day, Oct. 27. This is part of the program for the movement announced today by the National Association for the Study and Prevention of Tuberculosis. Literature giving information on fraudulent and alleged "cures" for consumption will be sent to clergymen all over the country, and an organized crusade against the traffic in these drugs and devices will be instituted. From actual records on file in the office of the association, it is estimated that the volume of business done annually by the various concerns which sell fake remedies for tuberculosis amounts to well over $15,000,000. The number of these remedies now being used as so-called "cures" is over 500.

MRS. McGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

UNUSUAL NOISE AROUSED MISSOURI FARMERS.

Negro, Captured With Animal, Given Preliminary Hearing at One O'Clock, A. M.

Ferguson, Mo., Oct. 3.—A flock of geese, which may be descendants of those that saved Rome, set up such an alarming howling on Alfred Mueller's farm near here that Mueller and half a dozen neighbors were awakened. Mueller seized a shotgun and clad in a nightdress and slippers, ran into the yard. Several neighbors, similarly armed and dressed, joined him. From the barn they saw emerge the figure of a man, leading Mueller's horse. As the introder placed his hand on the horse's shoulder, preparatory to mounting, he caught sight of the white clad band of farmers and sprinted into Mueller's cornfield.

The farmers set out in pursuit and several shots brought him to a halt. The neighbors held him in a circle of guns while the owner of the horse telephoned to a constable, John Mueller. On his arrival the party marched in a body to the home of A. L. Chamblin, justice of the peace. It was 1 a. m. when Chamblin convened court in his parlor to conduct a preliminary hearing. The witnesses, still in nightdress, stepped forward in turn and gave their testimony. At the conclusion, the prisoner, a negro, who said he was Ed Thomas of Memphis, was ordered held for the grand jury. He pleaded not guilty and said he had entered the barn to sleep. He is held in default of bail at Clayton.

HIS CHILD TO BE PERFECT WOMAN

Athlete Hopes to Develop His Daughter to Point of Physical Perfection.

Minneapolis, Oct. 3.—To become the world's most perfect woman, physically, is the future mapped out for Margaret Grant, 2 years 2 months old, by her father, Richard Grant, director of track athletics of the University of Minnesota, and ever since she was 3 weeks old the baby has been training for the place she is some day to fill.

Systematic exercise, under the careful supervision of her father, who himself was formerly a track star at Yale and who has "made" many Minnesota athletes, is as much a part of little Margaret's daily life as the food she eats, Mr. Grant explained while the baby went through her regular course. The exercises have already borne wonderful fruit.

"She's going to be perfect physically when she grows up," confidently asserted Mr. Grant, "and probably that's something that can be said of no woman in the world at this time."

CUTS STUDENTS' COST OF LIVING

Missouri University Establishes Cafeteria to Compete With Columbia Boarding Houses.

Columbia, Mo., Oct. 3.—With a view of reducing as far as possible the cost of living for students at the University of Missouri, the university has established in connection with the University Dining club, a cafeteria. Nearly 700 students are getting good meals at a lower cost than they have been able to get them in Columbia in ten years. On the other hand the prices of meals in many of Columbia boarding houses were raised this fall 50 cents a week.

Martial Law at Negro Trial.

Atlanta, Ga., Oct. 3.—Four companies of militia will go to Cumming, Ga., immediately to impose martial law upon the whole of Forsyth county until such time as the trials of six negroes, accused of the murder of two white women, shall have been finished. That was the effect of a proclamation issued by Gov. Joseph M. Brown.

Greek Boys in Peonage.

Chicago, Oct. 3.—United States Immigration Inspector James Hogan has started a crusade to free 1,200 Greek boys, who, he declared, are held as virtual slaves by proprietors of shoe shining parlors. He said that a perfect system of peonage existed, in which the boys were "literally terrified into silence."

OLD FASHION REVIVED

BROCADED FABRICS HAVE RETURNED TO FAVOR.

For Richness of Texture These Materials Can Hardly Be Duplicated, and a Glad Welcome Will Be Found Awaiting Them.

Brocaded fabrics are again shown for the grander gowns, and when they begin to please, the exquisite weaves now seen will doubtless be imitated more or less successfully with cheaper grades of silk and velvet.

The textures have none of the stiffness of ye ancient times, although the softly-falling silks are sometimes of incredible thickness. There are brocades for the dowager and brocades for the debutante, patterns for the

former being larger and the silks and velvets richer with gold and silver threads than those for the latter. Buds, tiny roses, love knots, little baskets of flowers and blue ribbons waving about flower sprays in natural hues appear upon the silks for youthful evening wear. And the frocks, we are told, are to be made with a good deal of the antiquated charm—the lovely flowered silks shaping paniered tunics attached to square-necked bodices, with ruffled elbow sleeves. This sweetness will go over lace petticoats, looped and garlanded with flower bands in the old way.

The self-colored brocades are insisted upon by the fashion people for street use, as these with contrasting flowers seem a shade too gay; conventional designs, small flower bouquets, ovals, crescents, circles, and plaided and checked effects appear on these. With the black brocades in velvet or silk sparkling jet seems a fitting garniture, and some cut velvet coats display very grand buttons and frog chains of it. For high dress use, there is nothing more handsome for the dowager than a coat of this sort, and such wraps are loose, wide-sleeved and altogether graceful.

The brocaded influence is seen even among mourning materials, one silk and wool fabric for tailored gowns imitating the wide and narrow lines of men's suiting. A black Chinese crepe, closely covered with dull flowers, is shown for the waists of fine black dresses, and in the half mourning department there is a dusky gun metal color which is having considerable vogue, this showing up splendidly in almost every material.

For tailored suits in color or black, there is a new velvet with a corduroy look, but without the ridges of this well-known fabric, and with this a silk braid goes most handsomely.

Mole or taupe is a favorite color in these fine fabrics, which sems to indicate that they are preferably for elderly wearers, as should be all the textures with large patterns. At any rate, it is an established truth that a brocaded material must be carefully managed not to give its wearer something of a settled look. The fact that such rich trimmings need to be used increases this danger, unless the fine garniture is very sparingly put on or the wearer takes things in her own hands and orders filmy chiffons and nets for the touches of the brocaded gown or coat.

Fur and marabout bands, both of which will be much used on the coats, supply the proper decking for such sets, which, because of the patterns of the fabrics, would appear unfinished if left untrimmed.

MARY DEAN.

Transparent Materials.

Allover embroidered transparent materials play an important part in the gown. In some of the models a sham skirt of allover handwork appears beneath the long tunic which drapes the front of the gown. It is attached at the waist line in the back and falls away as a train.

FARM and GARDEN

PREPARE FOR WINTER WHEAT

Grain Farmers Plow Immediately After Barley or Oats Is Harvested —Prevent Evaporation.

Oats and barley stubble land intended for winter grain and to be seeded to grass should be plowed early and harrowed soon after plowing, so the ground can settle. Heavy land should be plowed with three horses. We use the sulky plow, set to cut an even furrow and a good depth. Harrow and roll before the plowed ground dries out. A fine, mellow top soil will prevent evaporation of moisture and it can be put in nice order for drilling with a second or third working with the spring-tooth harrow and roller, says a writer in the Baltimore American. Land plowed just before sowing is too spongy; it should be plowed at least two weeks before the train is drilled. Expert grain farmers plow immediately after the barley or oats is harvested and then harrow and roll. When oats or barley precede a crop of winter wheat the land is much dryer than a properly managed summer fallow, and if the season should be dry and hot it is difficult to get such land mellow and moist enough for germination of grain. If barnyard manure is to be spread over the field it will pay to hire a spreader for the manure can be spread so much better, as the spreader cuts the manure fine and spreads an even and a regular coat over the entire ground. Two active men with a two-horse spreader will haul and spread a large pile of manure in a day. The regular price for the use of a spreader is 50 cents per day. If a spreader cannot be had, haul and spread direct from wagon or cart. The manure spread one day should be harrowed into the ground the next; there is no loss of plant food from the manure drying out from action of sun and wind. Spread 12 two-horse wagon loads of rooted manure and drill the gain in with 250 pounds of a good animal bone fertilizer to the acre. The manure and fertilizer will give a larger yield of grain and a better quality of straw than either manure or fertilizer used alone.
